## School-Cycled – Bottle Top Collection

Our Eco Committee recently delivered an assembly to launch the *School-Cycled Bottle Top Recycling Scheme*. The aim is to reduce plastic waste by collecting plastic bottle tops for recycling—and the response has been fantastic!

Thanks to the support of pupils and staff, we've already filled our first box and are now working on our second. As part of the scheme, the Eco Committee is also earning "Earth Points" and hopes to collect enough to receive a recycled planter for our Forest Field.

Well done to our Eco Committee for leading this successful and impactful initiative!
