

Food Waste

Our Eco Warriors have been working closely with Jamie from our school catering company, ABM, on an important initiative focused on reducing food waste and promoting healthier menu choices across the school.

As part of this collaboration, Jamie met with the Eco Warriors to discuss how food waste impacts the environment and why it's crucial to manage it effectively. He shared practical insights into how ABM monitors and reduces food waste within our school kitchen and encouraged the students to think about how they could support this effort both in school and at home.

“I enjoyed our meeting with Jamie and have learnt a lot about our food wastage in our school.” Jacob – Year 3
